EAGLE F1 SUPERSPORT

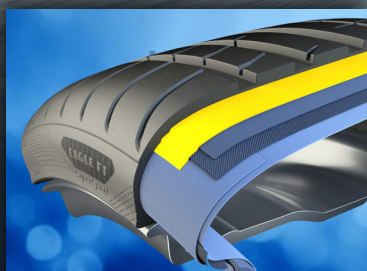

BORN TO BE FASTER

With more than 60 years of designing specialized racing tires for NASCAR, Goodyear pushes the limits with new race-inspired Eagle F1 SuperSport tire with 4 key technologies to deliver superior grip and handling performance for luxury sports performance vehicles

 **Dual Plus**
TECHNOLOGY

Innovative compound and tread pattern design known as power zones to deliver superior handling performance for wet and dry roads

 **Powerline Cover**
TECHNOLOGY

The tire is constructed with a tread deformation protector to achieve better stability for high speed driving

 **Power Shoulder**
TECHNOLOGY

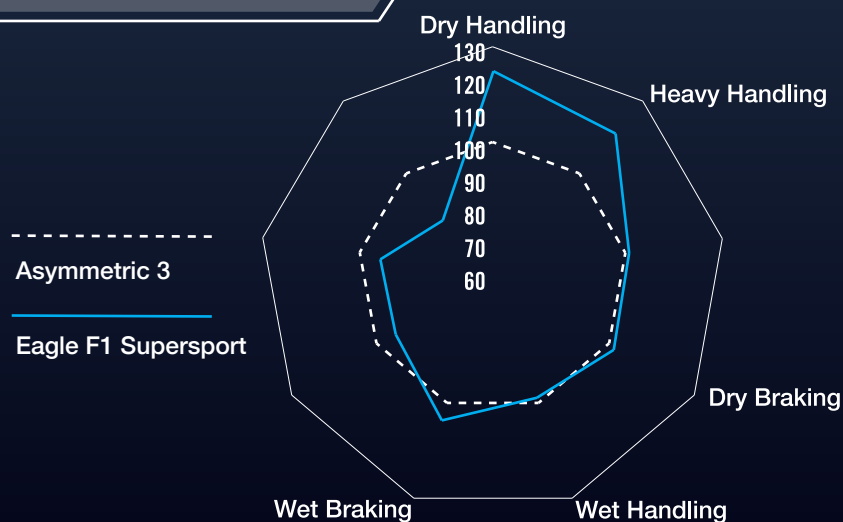

With unique shoulder design to deliver more superior cornering performance

 **HighForce Construction**
TECHNOLOGY

Stiffer tire sidewall to improve handling and driving stability
